

S_Dial FACTOR

Several possible applications

- Programmable multiplication factor from 0 to 99,999
- Rotating display on the large dial gauge (horizontal use)
- Electronic units available on their own (OEM applications)

Thanks to the free programmable factor, our S_Dial FACTOR can be used to display several different units (volume, force, any distances and so on).

The electronics of all the dial gauges mentioned in this leaflet are available for OEM applications (minimum quantity requested)
